

China Paper Industry Report 2012 Is Ready Now!

Under the impact of complicated economic environment at home and abroad, China's paper industry as a whole maintained its growth and a fair balance in production and sales in 2012.

There were about 3,500 paper and paperboard producers in China's mainland producing 102.50 million metric tons of paper and paperboard in 2012, +3.22% from the production in 2011

The 30-page report released by China Paper Association analyzes the paper industry's performance, details industry structure, evaluates market share, presents historical data for the years 2001-2012 and illustrates by figures and graphics such as production-consumption, key industry indicators, pulp production-consumption, imports-exports, consolidation, equity structure, production-sales of top-30 Chinese companies and environmental protection.
